The Internationalization Policy

Tbilisi, 2017

The Internationalization Policy

Davit Tvildiani Medical University visions related to internationalization, liabilities is represented in its mission, university activities, strategies and action plans. The Internationalization Policy in DTMU implies its involvement ("internationalization") at all levels of university activity; Its reflection is conventionally possible as a collaboration (Strategic Purpose N5) and Experience internationalization (Strategic Object N9) and can be considered at the institutional, program and individual support levels.

Institutional level of Internationalization

University involvement / participation in international professional associations and international university networks: European University Association (EUA, www.eua.be), Association for Medical Education in Europe (AMEE, www.amee.org), The Association of Medical Schools in Europe (AMSE, www.amse-med.eu), European Board of Medical Assessors (www.ebma.eu), Organization for PhD Education in Biomedicine and Health Sciences in the European System (www.orpheus-med.org), Our academic personnel and students occupy active positions in the Georgian representations of organizations such as: European Union of Medical Specialists (UEMS, www.uems.eu), International Federation of Medical Students Associations (IFMSA, www.ifmsa.org).
